Came after His Son.  
Since Dec. 28 Philip Watts, a demented telegraph operator, has been in the county jail waiting for his relatives to come and take charge of him. A few days ago Marshal Mason got word from J. E. Watts, father of the young man, that he had started from Kingston, Canada, and had arrived on Sunday morning. Mr. W. arrived and took charge of his son. They have started for Canada. Philip's malady was caused by an attack of typhoid fever, which he endured while in Manitoba. Since his sickness he has been telegraphing at Springfield and Pana and until a short time before his arrest here he was on duty at Shelbyville. His age is 21, and he appears to be a stout healthy young man, but he is gone in his head.

stole from a Woman.  
Mr. J. E. Johnson, deputy sheriff from Lexington, Mo. Leas county, who arrived here Saturday evening, left for Lexington this morning having in custody the negro Gibson, who is charged with having stolen \$25 worth of goods from a woman barber at Lexington. Part of the property was found in his possession. Johnson says there is a plain case against Gibson, and that his chances for a trip to Joliet are bright. He is a comparative stranger in Decatur, and was arrested by Officer Brewer Friday morning.

Saturday last Ed. Allen, son of Samuel Allen, residing east of the city, was killed near the grove by a young bull, and very severely injured. He is now confined to his bed, and is considered in a dangerous condition.

2,500 Dwellings in Decatur.  
During the past few weeks the local board of underwriters have put in considerable time in making a careful re-count of all the dwelling houses and stores outside the central or business portion of the city. They find that there are between 2500 and 2600 dwellings in Decatur, a considerable increase over the number counted at the rating made in 1879. Decatur is growing rapidly, and the best evidence of the fact is the number of dwelling houses and the population, which is close on to 15,000.

The officers of the Sons of Veterans Camp will be installed at the regular stated meeting to be held to-night in G. A. R. hall. All members are urged to be in attendance promptly at 7:30 o'clock.

MacLean, assistant ethnologist of the United States Bureau of Ethnology, and author of several scientific works on this subject, will lecture at the University hall in this city on Thursday evening, January 15th, at 7:30 o'clock. He has the reputation of being the best informed man in his special science; has examined more mounds and visited more of the excavations than any other man. He will illustrate many portions of the lecture with a stereopticon. Admission 50 cents. 9-32\*

A FINELY equipped cracker factory is soon to be established in the Reeser building, opposite the First Methodist Church, by a gentleman from Zanesville, Ohio. He is the father-in-law of Mr. George Brown, whose law office is with J. A. Brown.

A MORE magnificent oration has been seldom delivered in this city than that of Mr. Parsons. He showed himself to be one of the greatest of the many great eloquent orators who have declaimed from the stage of the academy—Philadelphia Engineer.

Hear him at the opera house on Tuesday evening, Jan. 13, 1885.

THE seventh annual meeting of the Illinois Tile Makers' Association will be held at Springfield January 20th and 21st. The practical success of tile drainage in the west will make this meeting of value to farmers who are interested in things like that. The advantages of drainage like the advantages of improved stock are now fully appreciated by our readers.

Decatur Made Paying Brick.

The enterprising members of the Decatur Steam Tile company have of late been experimenting in the manufacture of tough and hard burnt brick to be used for street and sidewalk paving purposes, and by combining the best of clay and coal slack from the mine, they have succeeded in furnishing a hard and everlasting brick, the like of which cannot be duplicated by any city. A sample of the paving brick is before us. It is the opinion of competent judges that the Tile company brick are just what are wanted for Decatur sidewalks and to permanently improve the streets of the city. They can be furnished at something less than is paid for foreign made brick already used, and as there is no question as to the excellent quality of the home material, of course it will be at once in demand, as it is and should be the policy of the council to encourage and help build up home institutions. The Tile company have large numbers of the sidewalk brick now on hand, and are ready to fill orders for any quantity on short notice. They will also supply the market with street brick, and will also make polished brick suitable for the fronts of store buildings. Their facilities are of the best, and can be increased at any time to keep up with orders. The brick making enterprise is a fixture and will be run in connection with the tile business.

Death of C. J. Barnackman.  
DIED—At his farm residence, northeast of Decatur, on Monday morning, Jan. 12, 1885, CHRISTIAN J. BARNACKMAN, in the 73rd year of his age.

Funeral services at St. John's Church, Decatur, on Wednesday, 14th inst., at 11 a. m. Interment at Greenwood cemetery. Friends of the family are invited to attend.

The deceased had been in failing health for some months. He came to Decatur from Indiana about 1880, and soon afterward was engaged in the grocery trade, and subsequently in the clothing business on East Main street. He was a man well known throughout the county. His surviving sons are William and Dennis Barnackman.

The Aler vs. Aler and Tinkler vs. Tinkler cases, both actions for divorce, will be warmly contested. The Aler case is set for January 22, and the Tinkler case for January 23. Each will take a day or longer to present the testimony. The Livingston case is another action for divorce that will divulge interesting testimony.

Greenblatt Bros.  
Mr. L. L. Greenblatt, late of Grove City, Ill., has, in connection with his brother, H. C. Greenblatt, purchased the Marcott restaurant, as will be observed by an advertisement in another column, and the business will be conducted by them, under the direct management of the former. We welcome the new comer to Decatur, and have no doubt that he will soon become as popular as his brother, who enjoys the respect and confidence of all who know him. The first named of the two brothers is an experienced restaurant man, and we have no doubt he will succeed.

The Opera.  
A large audience, made up of the music-loving people of the community, witnessed the presentation of "The Beggar Student" by the Thompson company Saturday night, and all in attendance were more than pleased with the fine entertainment. The opera is bright in its pretty melodies, while the plot, showing how the beggar student first became a prince, then a duke and finally a count, is well told in song and dialogue. The artists in the company are Louise Manfred, C. M. Pyke, Miss. Gaillard, Frank D. Hall, Mr. McCall, Georgia Lincoln, supported by a chorus of 25 voices. Mr. Pyke and Miss Manfred were recalled several times, as was also Miss Hall. Mr. McCall, in his political jingle, was called back as often as he would respond. It is the expression of all competent judges that the Thompson troupe is one of the best if not the finest that has ever visited the city. The company is provided with new and pretty costumes. The troupe is in St. Louis this week.

An Die Deutschen.  
There live many persons of both sexes in and around Decatur, who in their early youth have learned the German language from their parents, but who have not had many opportunities of using the same for many years. To such we would say: "Would you recall to your memory the days of your happy childhood? Would you, for a short time, as in a dream, find yourself once more back at the scenes of your youth? Would you once more fancy yourself going to the house of worship, led by the hand of your mother; to the little church with the wooden benches and the carpeted floor; to the singing in your mother tongue, hear a sermon in the language of your fathers, and let your thoughts wander back, for a time at least, to the home of your childhood? Would you like to visit 'Helmuth' into your heart? We invite you to try it. In the little, homely chapel, on West Main street, there will be preaching every first and second in the German tongue, by an earnest, talented Christian; singing in the old, old way by the whole congregation; some praying by members, but no collection. We have no special inducements to offer you—noting but wooden benches and a bare floor, plainly dressed people; but an earnest little band of worshippers.  
"We hope in the near future, perhaps, when the times get better, to offer you better accommodations. We hope to invite you to a church after a while where you will not feel ashamed to be seen, but now, just for old memory's sake, come meet with us just one evening this or next week, and we will try to make you feel at home with us.  
"Now, reader dear, if this does not apply to you, be kind enough to call the attention of some person to this paragraph who might feel an interest in it, and we thank you.  
THE CONGREGATION."

An Arizona newspaper man, who evidently writes his articles with a lead pencil in the shape of a "forty-four cartridge" sharpened fine, proposes to let the office seek him. He says: "The miserable scoundrel who edits our contemporary is lying as usual. We don't want the post-office, but we are in the hands of our friends, and by the Eternal they'll see that we get it, whether we want it or not."

ACCORDING to the Cincinnati Price Current, the hog packing for the whole country to date is already 355,000 larger than last year, while for the entire season up to March 1, the estimated increase is 900,000 hogs. Besides this, the increase in the average weight is about 5 per cent.

Give them a call and look over their stock and prices. Jan9-36v1

To Be Canonized.  
New York, January 11.—General John Clarke, of Auburn, N. Y., the discoverer of the site of the Mission Station of the Society of Jesus, near Montserrat, Station, Montgomery County, where the missionaries Rene Coupl and Isaac Jaques were murdered by savages in the seventeenth century, in conversation to-day, said: "Great interest has been awakened among historians, antiquarians and Catholics in the historical discovery. The site has been fully identified, and ten acres of the land has been purchased on which to build a mission chapel. It will be a worthy place of pilgrimage for devout Catholics. Steps have been taken to obtain the canonization of the martyred missionaries as well as of Catherine, an Indian maiden, born at that place, and known as the 'Brother's saint.' The church at Auriesville will be known as the Mission Church of Our Lady of the Martyrs."
